

PROSOFTTRAINING CIW FACULTY INSTITUTE

The Pacific Center for Advanced Technology Training (PCATT) and Honolulu Community College (HCC) have been selected to be ProsoftTraining Certified Internet Webmaster (CIW) Faculty Institute. As a CIW Faculty Institute, PCATT and HCC will play a critical role in the new CIW Authorized Academic Partner (AAP) Program. PCATT and HCC will provide faculty-training courses based on the latest CIW curriculum and certification program needs to instructors from Local CIW AAP member institutions. Non-credit classes, available to the public, will also be offered through this program.

The CIW Authorized Academic Partner Program

Organizations worldwide are embracing Internet and Web-related technologies as a way to revolutionize their business practices. Similarly, students, consumers and corporate employees are upgrading their skills to remain employable and productive in the workplace. The CIW Program meets the demands of both businesses and computer users by offering a practical means of qualifying job skills and measuring proficiency in Internet job roles and technologies. The CIW AAP Program gives qualified academic institutions an opportunity to become a Local CIW AAP and offer official CIW curriculum to students and certified candidates worldwide. Local CIW AAP member institutions can expand their course and program offerings and gain access to current information technology industry, product and service information as it relates to the Internet.

Faculty Institute Offerings

The PCATT/HCC CIW Faculty Institute will focus its efforts on technically training faculty from Local CIW AAP member institutions and fostering collaboration and community building between educators in Hawaii. PCATT/HCC was chosen based on its commitment and expertise to provide leadership to participating Local CIW AAP member institutions. This leadership will include:

- Offer Instructor Led Training classes to all eligible CIW educators
- Provide the latest CIW certification and program tracks to Local CIW AAP member institutions.
- Collaborate with Local CIW AAP member institutions on faculty and program implementation
- Attend CIW Faculty Institute program training and events
