

SUN EDUCATION CENTER

The Pacific Center for Advanced Technology Training (PCATT) is an Authorized Sun Education Center and offers Sun certified classes at Honolulu Community College. The Authorized Sun Education Center is a collaborative relationship between PCATT and Sun Microsystems. The Center introduces students to Sun technologies which prepare them for industry-leading certification and equip them with marketable IT job skills. The Sun Education Center uses only Sun certified instructors teaching with Sun certified curriculum. Two certification preparation tracks are offered:

- Sun Certified System Administrator for the Solaris™ Operating Environment
- Sun Certified Programmer for Java™ 2 Platform

Why Sun?

This excerpt comes from Sun Microsystems' annual report: "Since its inception in 1982, a singular vision – The Network Is The Computer™ – has propelled Sun Microsystems, Inc. to its position as a leading provider of industrial-strength hardware, software and services that power the Internet and allow companies worldwide to dot-com their businesses. With \$17.6 billion in annual revenues, Sun can be found in more than 170 countries."
